

Organising code = *how to make your code (more) usable*

ASPP 2024, Heraklion
Pamela Hathway and Jenni Rinker

Why bother?

Our goal

1. Local importing
 - review and best practices
2. Packages and editable installations
 - avoid importing errors
3. Repo structure
 - organize folders and files in a standardized way
4. Environments
 - avoid and alleviate package installation problems
5. Accessibility
 - make code more readable, understandable and usable

Importing
